Long-term assets to Total assets	65.22%

(vi) Institutional set-up for liquidity risk management –

The Board of Directors & ALCO of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk, to which the Company is exposed to while conducting its business. The Board approves the governance structure, policies, strategy, and the risk limits for the management of liquidity risk.

The Board of Directors approved constitution of Asset Liability Committee (ALCO), which functions as the strategic decision-making body for the asset-liability management of the Company from risk return perspective and within the risk appetite approved by the Board.

The main objective of ALCO is to assist the Board in effective discharge of the responsibilities of asset-liability management, market risk management, liquidity, and interest rate risk management and to ensure adherence to risk tolerance/limits set up by the Board. ALCO provides guidance and directions in terms of interest rate, liquidity, funding sources, and investment of surplus funds. ALCO meetings are held once a quarter.
